

Returning to School

You have been staying at home and have been doing all of your learning at home. You have done lots of things to help keep other people safe. You should feel really proud of yourselves for helping.

Because you did that, fewer people are getting Coronavirus now.

We all want things to get back to normal and there is a plan for this. A plan is a list of things that needs to be done in a certain order.

Everyone must follow the plan.

The first thing on the plan is that all children will return to school on **Monday 8th March.**

You will come back to school and do your learning at school. How does that feel? You might feel worried, excited, happy, sad, scared, angry, shocked or another emotion. That is okay.

All feelings are okay. If you have big feelings then there will always be someone at school who can help you and make you feel better and safe. They can help you feel better if you talk to them.

If you feel worried about leaving your grown ups, make sure you talk to them so they can help you.

When you come back to school, the same rules and routines will be in place from before Christmas. We will still wash our hands regularly and we will still remain in our class bubbles.

The adults in school are really looking forward to having you back at school!
